DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Claims 1-10 are objected to because of the following informalities:

As to claim 1, lines 11-12, "the dot images" is unclear because there is only one dot image recited previously in claim 1.

Appropriate correction is required.

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claims 1-10 are allowed over the prior art of record.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Kawagoe et al. discloses an intermediate transfer member.
